## LOSE TO VILLANOVA

### A Good Showing Against the Pennsylvanians

#### Lack of Team Work the Cause

On Thursday last our team was defeated by Villa Nova by the above score. The following account of the game is taken from the *Post* of the following morning:

George Washington University base ball team yesterday was defeated by Villanova, one of the strongest aggregations of visiting ball tossers seen in this city in many years. Although Villanova is rated as only a preparatory school, the athletes who were victorious over the local collegians played a brilliant game, and none of them showed evidence of being new comers at the game. The fine exhibition of the Villanova players drew out a lot of comment among the rooters for George Washington, and the impression seemed to be that the visitors are taking a fresh-air course at Villanova. Although they made four errors, yet their team and individual work was splendid throughout the contest. Crane, Sullivan, McGeehan, Murray, and Nichols were members of the team last year, when Georgetown defeated them 7 to 3, but if yesterday's game is a criterion of their general work, Georgetown will have a difficult contest with them this afternoon on Georgetown Field. Villanova showed no weakness in any position, and the playing of the veterans of the team was remarkably fine.

George Washington was seen at home for the first time this year, and, although several mechanical errors and some headless plays were made, the team appears to be very much stronger than last year. Coach White has had the boys in hand for several weeks, drilling them in the scientific points of the game, but yesterday they failed several times to follow the system he has endeavored to teach them.

In the second inning three Villanova batters got away with bunt hits of the punkiest sort, owing to the slowness of Pitcher Hutchinson and First Baseman Weber in going after them, while they had no system as to covering first base when Weber tried for the fungo hits. Villanova made four runs in this inning, whereas better and faster work in the infield would have prevented any scoring in this inning. But George Washington held their opponents down very well, and with more attention to "inside base ball" in the future the team should make the best record of any that has previously represented the college.

George Washington has a very good battery in Hutchinson, formerly of Gunton-Temple and Bradley, who also catches for Fourth Presbyterian. Hutchinson is not in prime condition yet, but held his opponents down fairly well, considering their strength. Bradley has a sore arm, and Villanova stole three bases on him. The outfielders handled themselves well, and covered lots of ground. Price lost two chances owing to the poor footing in center field, but pulled four flies down with the skill of a veteran.

Villanova was sent to the bat first, and

## THE UNIVERSITY HATCHET

Bruce Bielaski speared a hot and high liner from Crane's bat with one hand. Sullivan drew a base on balls, stole second, and advanced a base on Murray's out to Price, but was left on Driscoll's grounder to Bielaski, which was boosted to Weber.

Nichols beat an infield hit in the second, and McGeehan and Mulgrew each dumped the ball down safely for scratch hits which should have been gobbled up. Nichols scored after Price caught Dwyer's fly, and McGeehan trotted home on Bielaski's fumble of Moore's grounder. Moore stole second, and Crane's hit scored Mulgrew, while Moore was safe at the plate on Bradley's muff of Stevenson's good throw to head off Moore. Weber retired Sullivan, and Murray lifted a high one to McMahon.

Driscoll started the third with a single to left, but was thrown out by Stevenson for trying to go to third on Nichols' hit. After Hutchinson checked McGeehan out at first, Nichols tallied on Mulgrew's safety. Dwyer set the side down on a grounder to Orrison. Moore bumped the ball to Price in center field, but it bounded over his head, counting for a three-bagger. He scored on Crane's out at first. Sullivan walked, but was doubled up on a fly to Bielaski.

Driscoll hit to center in the fifth, but Nichols stole a base, and McGeehan hit to Orrison at third, who tried to tag Nichols coming up the line. Nichols slid under his outstretched hand and was safe. A wild pitch scored Nichols and advanced McGeehan. Then Hutchinson struck out Mulgrew and Dwyer. With two down in the next, Sullivan out-footed a bunt along first base line stole second, and scored on Hutchinson's low throw to second to catch Sullivan napping, which got past Price, too.

Crane was hit by a pitched ball in the last inning, moved up on Sullivan's sacrifice, and scored on Murray's single to left, which McMahon fumbled long enough to allow Murray to reach second in safety. That ended Villanova's run getting.

Bradley got a hit in the first inning for the local collegians, but got no further than first. Weber singled in the next and a moment later was run down between first and second on a throw from the pitcher. McMahon reached first on Nichols' error, but ran with his head down on Orrison's fly to right field, and was doubled up on the play, retiring the side. Price landed on first in the third round on

Driscoll's misplay, but died there. In the fourth, after Stevenson was retired on Nichols' throw to first, Bielaski cracked a single to center and stole second. He took third on Weber's single to right, and both runners romped over the plate when McMahon knocked the ball among the trees in left field. He pulled up at third, and when Orrison hit to Nichols was run down trying to get home. Van Vliet punched out. Bielaski was left in the sixth after making a two-bagger, and a double play and strike out cut the Washingtonians down in the next. Price started the eighth with a two-base smash to left and scored on Bielaski's hit. Score:

First base by errors—George Washington, 3; Villanova, 3. Left on bases—George Washington, 5; Villanova, 2. First base on balls—Off Hutchinson, 2; off Dwyer, 1. Struck out—By Hutchinson, 2; by Dwyer, 3. Three-base hits—McMahon and Moore. Two-base hits—Bielaski (2), Weber, Sullivan (2), Nichols, McGeehan, and Moore. Double plays—Moore to Nichols to McGeehan; Bielaski to Weber; Stevenson to Weber, and Nichols to Murray to McGeehan. Hit by pitcher—By Hutchinson, 1. Wild pitch—Hutchinson. Umpire Mr. Mace. Time of game, 1 hour and 35 minutes.

## THE FIRST VICTORY

## Sixth Presbyterians Easily Defeated in a Six Inning Contest

On Saturday afternoon the Varsity team played a six inning contest with the Sixth Presbyterian team and won handily by a score of 8 to 3. At the bat the Varsity showed up very well, getting eleven hits in the six innings. These hits coupled with the errors of the opposing team enabled them to score almost at will.

In the field on the other hand their showing was poor. The infield was unsteady throughout and Orrison at third was charged with four errors—all of them on easy chances. Thomas pitched his first game for the team and showed up in splendid fashion. The Church Leaguers were able to secure only two safe hits off his delivery. Both of these were secured after the opposing team should have been retired and are chargeable to errors in the infield. Thomas will prove a strong addition to the pitching staff. He has good speed and on Saturday had fine control.

Gordon, for the Sixth, pitched a good game and had seven strike outs to his credit. The support given him was poor.

The score:

| G. Washington.             | R. | H. | O. | A. | E. |

## PENN STATE 13; WASHINGTON 8

## A Game Abounding in Errors and Stupid Plays

On Tuesday afternoon our boys met the team from Pennsylvania State College and were defeated by a score of 13 to 8. The game throughout was loosely played and misplays completely overshadowed the good work of the teams. Penn State is charged with one more error than our team and her fielding just about on a par with ours.

Van Vliet, at second who heretofore has played fast and clean ball, had an off day and while the scorer has been lenient and given him only two errors he should be credited with at least half a dozen. Orrison, at third, evidently scared by his error column on Saturday, loafed on several balls that he should have handled easily and at one time completely lost his head and allowed several scores to be made when he should have had an easy out. Bielaski had only a few chances and accepted them all. Bradley, behind the bat was the only man who put up a first class game. He caught in splendid shape, got several fouls that seemed entirely out of his reach. for the first time this year showed what an arm he had throwing to second.

Holland did the slab duty for George Washington and with clean support would have landed his game. As it was until the fifth inning he held the visitors down to one run. In that inning several hits combined with miserable work in the field allowed seven runs. Again in the seventh after the side should have been retired, five hits were secured, resulting in four runs. After that Hutchinson was sent into relieve Holland and Penn State was kept down well the rest of the game.

The buff and blue scored one in the second and one in the third and in the fifth landed on McGee and aided by three errors they piled up six runs, tying the score. Haverstick was then substituted for McGee and he

kept the boys guessing for the remainder of the game. One hit was all that he allowed. The support given the Penn State twilers was almost equal to that of the opponents. Mahaffy on second base was particularly bad and is credited with five errors. Kilmer, the backstop getting two more.

Penn secured its first run in the third inning on a two bagger by Cree and a single by McIlveen.

In the fifth inning on clean hits by McIlveen, Moorehead, Haverstick and Mahaffey together with an error by Van Vliet and several sacrifices seven runs were piled up. In the seventh McMahon muffed one right in his hands, and Mahaffey made second base. Holland gave Yoder his base and then threw to center field in trying to catch Mahaffey off second, advancing the runners a base each. They both scored on Kilmer's single and he was brought in by Mason's long hit to left field. McIlveen then singled to left and Mason scored.

In the ninth on a base on balls, a steal, a fielders choice and a fumble by Van Vliet, one more tally resulted.

George Washington made its first run in the second inning. McMahon drove out a single but was forced at second by Burkett. The latter stole second and third and went home on Van Vliet's out to Mahaffey. In the third after Price and Bradley had been thrown out Stevenson made a beautiful drive to deep left for three-bags and came home when Mahaffey fumbled Bielaski's grounder. In the fifth inning Holland and Price each made a good hit past second base. Bradley then knocked the ball over the fence and Holland scored, only two bases being allowed by the ground rules. Stevenson and Bielaski both drove the ball to center field and two more runs resulted. On an out by Weber, Mahaffey to Ray, a single by McMahon, base on error by Orrison, two stolen bases and an error by Kilmer, three more runs came in making six in all.

After that only two more bases were made by the home team, Price reaching first twice, once on a single and once on an error.

Penn State defeated Virginia some days ago by a large score and Annapolis on Saturday to the tune of 11 to 1, the showing of George Washington after all is very creditable and the best that has been made against this team on her Southern trip.

On Wednesday our team goes up against the Nationals at American League Park and on either Thursday or Friday the Fourth Presbyterians will be given a game at University Field. On Saturday at four thirty the team will line up against Johns Hopkins. Thomas is slated to do the pitching and we should win the game. Tuesday's score.

**Johns Hopkins, Saturday 4.30**

### University Dormitories

There is now on foot a plan to provide dormitories for the students of our University. If a sufficient number of the men show a desire to live in a hotel which will be fitted up as a dormitory, at the rate of about twenty five dollars per month for room and board, then the place will be leased and the plan put into execution. The proposed place is within two blocks of the University Building, and is an ideal location. All those who would be willing to live in the dormitories will please send their names and addresses to Mr. Roy C. Heflebower, No. 915 N. H. Ave., who has been authorized by Dr. F. R. Phillips to look into the advisability of the dormitory plan.

### Track Team Concert

On last Friday evening the concert for the benefit of the Track Team was given at Raucher's.

The program consisted of numbers by the Glee Club, the Girls' Glee Club, the Orchestra, the Neapolitan Quartet and solos by Miss Edith Pickering, Miss Mary Birch, Mr. Clarence Whitmore, Mr. Wilbur Bache and Mr. E. F. Kissinger. The numbers were all splendidly given and many encores were demanded. The Glee Clubs both made a fine impression.

At the conclusion of the musical program a dance was held.

The concert was gotten up and arranged by the girls of the college and was under the patronage of Mrs. Chas. W. Needham, Mrs. D. K. Shute, Mrs. H. L. Hodgkins, Mrs. C. W. Richardson and Mrs. H. St. George Tucker.

The attendance while large was not up to expectations and although all the expenses incident to the concert were cleared, it is feared that the surplus will be small. Musically and socially however, it was a huge success and was most enjoyable to all present.

### Chi Omega

Phi Alpha Chapter of Chi Omega, assisted by several of the resident Washington Alumnae, gave the third of a series of informal luncheons, in Room 11 at twelve thirty o'clock March 28, 1905. The next luncheon will occur April 17, at the same place. The purpose of these luncheons is to assist the active chapter of the fraternity, in becoming acquainted with the students and members of the faculty of the University.

### Attractive Pictures

The Harris-Ewing Gallery at 1311 F street are making a special low rate to the students of the George Washington University on photographs for a limited time only.

Considering the high class work this studio produces, these low prices should prove very attractive. A large number of students have already placed orders and express themselves as exceedingly well pleased with the finish and general excellence of the photographs obtained.

EWALT R. KATES 20 PRINTER  
728 13TH STREET

The tremendous progress made by "The Mall" Board during the past few weeks indicates clearly that our annual publication this year will rank with the best in the country. The work has been extremely difficult, not only because of the large field to be covered and the many and diversified interests therein but also because of the short time at the disposal of the Board to accomplish the work. Notwithstanding these obstacles, patience and perserverance on the part of those in charge have brought about the most gratifying results, and the complete success of "The Mall" is now assured.

The book will be three hundred and fifty pages, seven and three-quarters by ten inches, bound in the University colors, the paper to be used of the very best quality, the printing will be the neatest and most artistic that can possibly be secured, and the cuts will be clear and of an especial good quality, the work being done by one of the best engraving companies in the country whose specialty is this line of work.

The students owe a debt of gratitude to those who are producing a book which will be such a great credit to our school and which will represent in such splendid style the interests and achievements of the student body.

The showing made by the base ball team up to the present time, notwithstanding the fact that they have won none of their college games, is good, and we should not "knock" them because of their defeats. The teams played have been strong ones and ones from whom a victory was hardly to be expected. The last two have had the advantage of coming here after a southern trip which had put them in first class condition. Penn State had just beaten Virginia and Annapolis by large scores, and ours shows up much better than either of them.

These games have had the effect of showing up the weak points of our team and one by one they are being strengthened. By the time of the trip south, which comes in less than two weeks the team should be in its proper condition and may then be relied upon to win a majority of the games on its schedule, hard one though they be.

The attendance at Tuesday's game was poor and it looks as if the same old story is being repeated, "Lose and we won't come out". Stand by the team now and be able to say when good times come that we supported them all the way through.

The concert on Friday at Rauscher's was not the success it deserved to be. The musical program offered was a really splendid one and the dance afterward was all that could be desired. Yet in spite of the inducements offered the attendance did but little more than clear the expenses. The affair was gotten up and managed almost entirely by a few girls in the college and their efforts deserved more success than the concert attained. The track team and Athletic Association should thank them none the less for their hard work in the causes of the track athletics.

**All copy must be in by  
Tuesday  
morning at ten o'clock.**

## Coming Events

THURSDAY, APRIL 5—

Canoe Club, Medical Building, 8:30 P. M.

FRIDAY, APRIL 6—

Columbian Debating Society, Law Hall, 8 P. M.

Needham Debating Society, University Hall, 8 P. M.

Enosinian Debating Society, West Hall, 8 F. M.

SATURDAY, APRIL 7—

Base ball George Washington vs Johns Hopkins, University Field, 4:30.

University Congress, 8 P. M.

MONDAY, APRIL 9—

Dramatic Club, Hickman's studio, 1315 G Street, 8 P. M.

Glee Club, University Hall, 6:30 P. M.

## Notices

The question for debate before the Needham Society on April 7th is as follows:

"Resolved, That people of all Nationalities should be equally eligible to citizenship in the United States."

Messrs. Lee, Rickard, and Kelley, will speak on the affirmative; Messrs. Spinks, Barnard, and Thompson, on the negative.

The question originally selected for debate in the Needham Society on April 14th has been postponed one week in order that the Society might discuss the question submitted by the University of Virginia for the next inter-collegiate debate.

The regular monthly meeting of the Canoe Club will be held on Thursday, April 6, at 8:30 o'clock in Room 21 of the Medical School. As the meeting is important one it is hoped that all members shall be present. Applications for membership should be mailed to Mr. Jos. R. Curl, Secretary, 2312 "Eye" street.

Any man in the University who desires a place as Assistant Manager of the foot ball team for next season will please submit his application at once. Applications should be addressed to the Athletic Council, care Mr. R. C. Heflebower, 915 N. H. Ave.

Applicants will please state the class to which they belong, whether or not they are employed during the day, and if employed the nature of their work.

### University Congress

University Congress at its regular session last Saturday evening instructed the Committee on Ways and Means to prepare and submit to the Congress a tariff bill the sole effect of which should be the production of revenue. The attendance was not as large as at the two previous meetings and the absence of many of the ablest members seemed to have a depressing effect on all but the member from Virginia, who was guilty of his usual brilliant speech. With the exception of this effort the arguments lacked that happy vein which has enlivened prior meetings of the Congress.

Mr. Pepper, of Iowa opened in favor of the measure. While the gentleman's language was fluent and the words well chosen his argument was characterized more by a solid judgment in choice of points and a sledge hammer way of putting them which combined to make his speech a telling one.

In the absence of the regular speakers in opposition to the bill, Speaker Kelly appointed Mr. Shommer, of Wisconsin to lead the dominant but absent party. In rebuttal, the gentlemen showed why protected articles could be sold cheaper abroad and argued that the fact was no reason for abandoning our protective policy. He claimed for the system that it raised wages. In the open discussion which followed arguments were made by Mr. Christian, of Indiana, Mr. Bullock, of Virginia, Mr. Fravel, of Virginia, Mr. Barrett, of the District of Columbia, Mr. Merritt, of Arkansas, Mr. Shelton, of Mississippi.

In closing for the opposition Mr. Kennedy, of Pennsylvania condemned a measure which he said would result in the government catering to foreign manufacturers for the purpose of increasing the federal revenue. Mr. Riddell, of Washington, in support of the measure, attempted to rebut the argument that protection caused wages to rise and contended that it had an opposite effect. His argument in favor of the resolution was that protection is a system which offers certain classes a gratuity which they have not earned, that such departure from our principle of government that all men shall have absolute equality of opportunity is morally hazardous.

The resolution for discussion next Saturday will be supported by Mr. Moore, of Tennessee, and Mr. Merritt, of Arkansas. Mr.

Rickard, of Hawaii and Mr. McNamee, of South Dakota will lead the opposition. The text of the resolution follows:

Be it resolved by University Congress in regular session assembled that it is the sense of this Congress that the grand jury system should be abolished in federal practice and that it should be the duty of the United States district attorneys to present all indictments.

Be it further resolved, that in the trial of all civil cases before a jury in the federal courts the agreement of nine jurors should constitute a verdict.

#### No Affirmative Brief.

The resolution should not be adopted for the following reasons:

I. It is a part of the Common Law and too valuable a heritage.

II. The adoption of the resolution would give too much power to one person.

III. It is a body, the composition of which renders it less capable of being influenced by politics.

IV. The reduction of the number of jurors in civil cases, because of the less number, make it more susceptible to corrupt influences.

V. Under the present system the District Attorney is but an adviser of the grand jury. This resolution would place the decision of a state of facts preliminary to a trial in the judgment of one, instead of twelve men.

VI. It is unconstitutional.

### Question for Next Years Virginia Debate

The following question has been received from the University of Virginia for the next Intercollegiate Debate which is to take place in this city about December 1, 1905.

"Resolved," that the United States Government should exercise CONTROL over the FORMATION and OPERATION of all corporations engaged in Interstate Commerce."

The George Washington University has until April 15, 1905, to decide which side of this question our team will defend, and each and every man in the University who expects to attend next year is urged to make a study of the question. The preliminaries will undoubtedly be held sometime before the close of this scholastic year, but the date is yet uncertain.

### Columbian College

On Wednesday, March 29, the Senior Class of the Columbian College spent an enjoyable evening at the home of Miss Warn, one of its members. The feature of the evening was a big auction sale with Mr. Summy as auctioneer. Useful and ornamental articles such as bracelets, diamond rings and thimbles for the ladies and hammers and curling irons for the gentlemen were bid for extravagantly. After each one had received his article and settled with the treasurer, the class displayed its genius at shadow pictures. A buffet lunch was served in the dining room and after some college songs the company adjourned.

The Senior Class had never felt thoroughly acquainted with each other owing to the division that has existed until last year in the two departments, and the object of the affair was to unite the class more closely. Miss Warn was a most gracious hostess and everyone voted the evening a thorough success.

A Senior Class meeting was held on Monday evening, April 3. The meeting was called to order by the president and in the absence of the secretary, Mr. Smith, the president appointed Mr. Summy to act in his place. The purpose of the meeting as announced by the president was to elect the remaining officers for class day exercises. Much discussion took place as to the advisability of giving a class play during commencement week. It was decided to give such a play and the class day committee was instructed to take charge of it. Discussion as to the class song, the pipe orator and the planting of the class tree then followed and it was decided to plant a tree on the new site of the University. The class then proceeded to the election of class prophet, poet and orator, which resulted in the unanimous election of Miss Warn as prophet, Miss DeForest as poet and Mr. Summy as orator.

The second meeting toward permanent organization of the Mechanical Engineering Society of the George Washington University, was held last Tuesday evening, March 28, 1905, at 6:30 in West Hall. The principal business to be transacted was the election of officers. This was immediately undertaken when the roll call showed every mem-

ber present and the regular order of business had been dispensed with. By unanimous vote Mr. Rippey, '04 was chosen President; Mr. F. W. Albert, '05 became Vice-President, and Mr. Burrell, '07 the Librarian. The contest for Secretary—Treasurer between Mr. Miller and Mr. Gibson finally resulted in the choice of the former for the place.

The announcement of several civil service positions open to mechanical students was next made and freely discussed but no action definitely taken regarding them. The society unanimously decided to go into "The Mall" if such action were possible and Mr. Albert was designated as a committee to ascertain this. The society then adjourned to the 7th street wharf where they were to inspect the mechanical features of the monitor *Puritan* under the direction of Prof. Van Vleck. Trips of this nature are to be a regular feature of the organization and are expected to add materially to the interest of the members as well as to their knowledge of mechanical subjects.

Membership is open to all mechanical students or to those having a practical mechanical training.

On Monday evening the Junior Class of the College held a special meeting. The report of the banquet committee was submitted and it was decided that a banquet be held sometime during the Easter week. After some further business, the President, Mr. H. E. Collins, tendered his resignation as Class President, on account of his leaving the College and the city.

It was accepted with great regret on the part of the class for Mr. Collins has been a most faithful and hard working officer and has held the class together as perhaps no one else could have done. A vote of regret was tendered Mr. Collins, after which the class adjourned.

On Tuesday evening the Electric Club held its first regular meeting since its organization.

After a preliminary business meeting the program of the evening was proceeded with. This consisted of papers by Mr. Boyden, on "The operation of Shunt and Compound Generations in Parallel," and by Mr. Gregory on "The Operation of Shunt and Compound Machines upon the Three Wire System." Both speakers were well prepared upon their subjects and their discussions, while short, were

complete and clear and handled in good shape.

The subjects were then thrown to the club and an interesting and instructful discussion followed.

### Medical Notes

The Senior Class of the Medical Department at a recent meeting of the class adopted the plans of the committee to provide for the institution of a permanent class day function which it is the object to have just before the close of each school term. It is the plan of the class to have reunions of the organization on fixed dates which shall always occur during the graduation exercises of the University. The initial exercises will be held in the University Hall, on Thursday, May 25th at 4 P. M. And all arrangements have been made to make the event so successful as to warrant its perpetuation in the undergraduate classes. The members of the class have elected a Permanent Secretary-Treasurer and Assistant Permanent Sec'y-Treasurer whose office it shall be to maintain the proper relations which should exist between an alumnae body and its Alma Mater; keeping in touch with the progress of the University and advising the members of the body which he represents of the events which transpire in the institution.

The Class of 1907, Medical Department, George Washington University, challenges the Class of 1908 to play a game of base ball, and with that end in view request that a committee of three from their class be appointed to confer with a similar committee from the Class of 1907, to arrange details as to time place, etc. for the proposed game.

The following changes have recently been made in the schedule for Sophomores:

#### MONDAY:—

4:50-5:40 Physiology, Quiz.  
5:40-6:30 Therapeutics Lecture.

#### TUESDAY:—

4:50-5:40 Anatomy Quiz.  
5:40-6:30 Electro-therapeutics, Lecture.

#### WEDNESDAY:—

4:50-5:40 Chemistry, Quiz.  
5:40-6:50 Therapeutics, Lecture.

#### THURSDAY:—

4:50-5:40 Anatomy, Quiz.  
5:40-6:30 Therapeutics, Quiz.

#### FRIDAY:—
